

Assignment 3: The story of Walmart

Your manager told you that you should investigate lessons learnt from Walmart about switching to Big data.

Investigate the story of Walmart's migration to Big data on the internet. Touch on aspects such as:

1. Motivation for change
2. Challenges and solutions
3. Data types
4. Data migration tools and schedules

Write a report of 1 single line spacing page with references on what other companies may learn from Walmart's experience
